Part 4: Behind the Metal

Video Review
Please review the questions below. After viewing your classmates’ videos, please answer the questions.

1. Did any of the other videos mention your metal? If so, which one(s)?

2. List at least three common uses of the metals in today’s videos.

3. Write one new thing you learned today.

4. Write one question you still have about metals.

5. Think back to the beginning of this project and list the characteristics of metals.
